

REMARKS

Applicants hereby submit preliminary amendments to claims 24 – 26 subsequent to an interview conducted with the Examiner on April 20, 2010. During this interview, Applicants' representative and Examiner discussed the memory capacity expansion and contraction aspects of the invention. The Examiner indicated that a more specific recitation of the memory capacity expansion and contraction components and processes would be helpful in the ongoing prosecution of this Application. Applicants hereby submit amendments consistent with the Examiner's suggestion.

In view of the above amendment, Applicant believes the pending application is in condition for allowance.

Entry of the above amendments is earnestly solicited. An early and favorable first action on the merits is earnestly solicited.

Should there be any outstanding matters that need to be resolved in the present application, the Examiner is respectfully requested to contact Naphtali Y. Matlis, Registration No. 61,592 at the telephone number of the undersigned below to conduct an interview in an effort to expedite prosecution in connection with the present application.

If necessary, the Director is hereby authorized in this, concurrent, and future replies to charge any fees required during the pendency of the above-identified application or credit any overpayment to Deposit Account No. 02-2448.

Dated: JUN 10 2010

Respectfully submitted,

By
